Subject: Living and spending

Dear All,

I'm looking for articles that can help our readers to economise, make savings and produce less waste. It could be a mix of general and specific advice. Hints on everyday spending and how to avoid waste are welcome. Do we need to think about leisure, or food? Clothes, travel, purchases? Recycling, sharing? You could look at it from an individual point of view or from a family perspective. I'll leave it up to you.

Get back to me as soon as you can.

Write a brief article for your editor about how people can make savings and reduce waste in everyday life. Your article should be approximately **150** to **200** words in total.

Remember to:

- plan your answer
- use correct spelling, punctuation and grammar
- write clearly and effectively.
