Writing Mark Scheme (Past Paper 1)

Mark scheme information

This mark scheme is intended to support the valid and consistent marking of the examination paper identified above. This mark scheme includes:

- the total mark available for each activity
- the individual subject content coverage of each activity as well as coverage totals
- the marking process and considerations which must be followed.

Information for the marker

- All marking must be completed consistently and the mark scheme must be applied fairly.
- Markers should award full marks if the candidate deserves full marks.
- Markers should be prepared to award zero marks if the candidate's response is not worthy of credit according to the guidance for that activity.
- Crossed-out work should be marked unless the candidate has replaced it with an alternative response.
- If the candidate only completes the planning box and no other response is included, examiners should reward marks using 'best-fit'.

Skills Coverage is broken down into bands, each with its own set of descriptors.

Markers should read the response closely and should then determine a judgement about which descriptor, in consideration of all the evidence available to the Marker, best defines the response provided.

The exam paper itself will allow you to record proposed marks and initial thoughts in the margin of the page as you read through the responses.

You must consider **Composition** and **SPaG** for both pieces before combining the two to confirm the final mark.

This marking guidance covers both Activity 1 and Activity 2.

Consistently/frequently	Meets the demands of the subject content entirely or almost entirely.
Most of the time	Meets the demands of the subject content more often than not.
Some of the time	Meets the demands of the subject content at times but with a number of issues.
Rarely	Almost never meets the demands of the subject content and has many issues.

3	24. Write text of an appropriate level of detail and of appropriate length (including where this is specified) to meet the needs of purpose and audience.	Please note, the <i>Marker terms</i> (i.e., frequently, some of the time etc) do not apply on this occasion as the response is considered one single text and a candidate cannot frequently write an appropriate level of detail in one instance. Therefore, the Marker should determine a mark based on the degree of information provided by the writer in response to the activity requirements and in consideration of the holistic statements below.	
		Minimum word count length – 250 words	
		The candidate has produced text which is highly detailed , comprehensively meets the needs of purpose and audience, and considers all aspects of the task. Response meets or is above the minimum word count.	3
		The candidate has produced text which is mostly detailed , has met most of the needs of audience ad purpose and considers all or most aspects of the task. Response meets or is above the minimum word count.	2
